

JOB PORTAL PLUS

Most Comprehensive Job Portal Solution

JobportalPlus is the most comprehensive solution for a company, who is running a basic website or any company wants to enter in the field of job placements.

Our solution provides a common platform for both employers and job aspirants to meet each other requirements professionally. In order to simplify the process and make it more rewarding, we build portal to ease out the management system for all kind of placement firms.

We understand that job portal development requires skill and expertise at many levels. An effective job portal has to involve seamless integration of design and content with the other recruitment services offered by the portal.

Some of the salient features are given below:

- **Easy Employer Panel:** Designed in intuitive and simple manner which even a novice can handle.
- **Convenient Job Seeker Panel:** Simpler registration form, which will fetch more job seekers to your portal.
- **Better Resume Management:** workflow management for tracking status at different levels.
- **Payment Method:** No-Worry PayPal integrated Payment system.
- **Dynamic News Manager:** The news manager helps you put your news in fraction of seconds without help of any professional web developer.
